

Where the world comes for answers

Boston Children's Hospital is proud to announce the 2025 recipients of **The Community Pediatric Award**

The Community Pediatric Award is the highest award granted annually to physicians in the greater Children's Hospital community. Traditionally, it honors pediatricians whose work takes place primarily outside the walls of Boston Children's Hospital. Boston Children's Hospital and the PPOC has expanded its presence both locally and throughout MA and surrounding states. Meaning we have a rich and varied group of pediatricians, locally and farther afield, who are part of our diverse and robust hospital community. Those chosen recipients, nominated by their peers embody the BCH mission of exemplary patient care, compassionate treatments of all children, commitments to innovation or excellence in teaching.

Barbara Angus, MD Crown Colony Pediatrics

Dr. Angus is a native of Massachusetts where she grew up as the middle of seven children. She received her undergraduate degree from Brown University and her medical degree from Tufts University. She completed her residency at the Massachusetts General Hospital, where she was selected to serve as Chief Resident of the Pediatric Service. Dr. Angus joined Crown Colony Pediatrics in 2002. She enjoys general pediatrics and has special interests in behavioral health, ADHD and medically complex patients. Dr. Angus lives on the South Shore with her family including a daughter and twin sons. Outside of the office, she enjoys spending as much time as possible with her family in their shared passion for ice hockey, cooking and chasing their black lab around. She has traveled to China to provide medical care for adoptive families and recently completed a service trip with her daughter to the Pine Ridge Native American Reservation in South Dakota.

**WE CONGRATULATE AND COMMEND THE SERVICE
AND CARE OF DRS. BARBARA ANGUS AND JONATHAN
SCHWAB AS DOCTORS AND INDIVIDUALS WHO
TIRELESSLY SERVE THEIR COMMUNITY IN AN EFFORT
TO BRING BETTER PEDIATRIC CARE TO THOSE IN THE
GREATER BOSTON AREA AND ABROAD.**

Dr. Schwab is a native of Bethesda, Maryland who discovered the joys of the Pioneer Valley while attending Amherst College. He received an excellent education at Amherst, but more importantly met his future wife, Cheryl. He returned to his home state for medical training at The University of Maryland School of Medicine, graduating in 1986 and completed his residency at New England Medical Center/Boston Floating Hospital. After staying an extra year as Chief Resident, there was an opening at Northampton Area Pediatrics so they were able to return to Western Massachusetts in 1990 and have been here ever since. He is the medical director at NAP, helping to keep us up to date on the latest practice guidelines. He enjoys parent education and runs a series of workshops for patients. While he is a general pediatrician, he has some areas of special interest including asthma, sports medicine, ADHD and infectious diseases. In life outside the office, he cherishes spending time with his two wonderful sons and wife. He participates in community projects and has a great love both for sports (especially hockey) and reading. He has also been spotted around town practicing and teaching karate.

Jonathan Schwab, MD Northampton Area Pediatrics
